

## Logging In to Rosetta Stone Library Solutions

- You must start from a Library page – our [home page](#) or [Online Resources](#) page. (If you come in via rosettastone.com, you will be asked to pay to subscribe rather than accessing the Library's free version).
- Click on Rosetta Stone on the Library page you're starting from.
- If you are coming in remotely (from outside of one of the Library branches), you may be asked to enter your library card number.
- Click Rosetta Stone again:

- Enter your email address, choose a password (at least 6 letters plus at least 1 number) and choose the language that you would like to learn - **this must be the same as the language you will choose once logged in.**

A screenshot of a login form on a dark grey background. At the top, it says "First time user?" followed by two instructions: "1.) Enter your e-mail address." and "2.) Choose a password (must be at least 6 letters plus at least one number)". Below these are three input fields: "Username", "Password", and "Choose Language to Learn" with a blue dropdown arrow. At the bottom is a blue "SIGN IN" button.

- Click Sign In.
- You should then be able to launch Rosetta Stone Language Lessons.
- **Each time after the first time, you will log in with your email address, the password that you created, and the language you will study (which must be the same as the language you choose once logged in).**
